

RED BUFFING PAD

Features:

- Designed to clean hard surfaces and remove scuff marks
- Cleans when damp, buffs when dry
- Use on standard, low speed automatic scrubbers and rotary floor machines

Description

This product is a floor buffing and cleaning pad. It is made of polyester fibers in an open-web construction. Cleaning and polishing abrasive particles are dispersed throughout the non-woven construction and bonded with a durable adhesive. The pads are nominally one inch thick and available in various sizes.

Use

This product is used for light soil cleaning under an automatic scrubber. It is also used for spray cleaning and/or dry buffing under a rotary floor machine (175-600 rpm).
