

# WHITE POLISHING PAD

**Features:**

- Designed for light cleaning and polishing of hard surfaces
- Removes scuff marks with minimal dulling of finish
- Use on standard, low speed automatic scrubbers and rotary floor machines

**Description**

This product is a floor buffing and polishing pad. It is made of polyester fibers in an open-web construction. Polishing particles are dispersed throughout and bonded to the non-woven construction with a durable adhesive. The pads are nominally one inch thick and available in various sizes.

**Use**

This product is used for light soil cleaning under an automatic scrubber. It is also used for spray cleaning and/or dry buffing under a rotary floor machine (175-600 rpm).
